

50 YEARS OF FUNDRAISING AND HELPING PATIENTS

2016 is our Golden Anniversary

In the last 50 years we have raised and gifted to the hospital over £10 million, over £1.2 million in the last two years alone.

Our largely volunteer staffed shops and ward trollies are a vital part of this fundraising effort, but just as important we aim to provide a friendly face to patients and their visitors who can be in real need of one.

Volunteers Needed

Registered Charity No. 500509

www.rshlof.org.uk

"I have been a volunteer for 15 years now and I still enjoy meeting people in the shops at what can be a difficult time for them, and knowing that I am raising money for the hospital at the same time" Tina

Would volunteering with us suit you?

We have over 200 volunteers, and almost as many reasons for volunteering.. many are retirees wanting to stay active and socialize whilst at the same time "giving something back". But volunteers span all ages... younger people find that helping in the shops provides useful experience to add to their CV and builds self-confidence and key people skills.

What does it involve?

Only a few hours of your time, as little as 2 or 3, usually weekly but can be less often. We aim to find hours that suit you.

All volunteers also need to be DBS checked, which we can arrange.

Want to find out more?

Contact us via email, our website, facebook or twitter (*see details on the back of this leaflet*).

Drop into the League of Friends office near the main hospital entrance.

Or come to our next Volunteers Day!
For details of the next one see the Volunteers page on our website.
